**Do you want to have your say over
what happens in London?**

**Are you between the
ages of 16 and 24?**

Be in a position to influence decision makers.

We are looking for young people between the ages of 16 and 24 to lead a campaign about London's transport. You will be trained as a Youth Campaigner and will represent young people to influence the Mayor's decisions on transport.

You don't need any experience to take part. We will provide free training and support throughout the campaign– all we need is your passion and enthusiasm!

Interested? Join us for an **Introductory Session** on **11 November 2009** from **5pm-7pm** to learn more about the campaign, its aims and objectives, and how you can be involved. Please contact Natalie (natalie@londoncivicforum.org.uk; 020 8709 9772) to book your place.

Questions? Please contact Natalie at London Civic Forum (020 8709 9772) to find out more.
